## **ADVISORY FOR TRUCKERS**

Overweight vehicles prohibited from crossing the Champlain Bridge

The Jacques Cartier and Champlain Bridges Incorporated (JCCBI) would like to advise the trucking industry that heavy vehicle users with a Class 5 and Class 6 special travel permit are prohibited from crossing the Champlain Bridge.

The goal of this preventive measure is to maintain key commercial activities for Montreal and to uphold the bridge's structural integrity until the new Champlain Bridge opens.

**If you must use Class 5 or Class 6 trucks, consider other routes.**

+ Proposed detour via the Louis-Hippolyte-La Fontaine Bridge Tunnel
