NOTICE TO RESIDENTS

Work on steel structure near Falardeau Street

March 29, 2018

Dear Neighbour,

The Jacques Cartier and Champlain Bridges Incorporated (JCCBI) would like to inform you that it will be conducting priority work to reinforce a component of the steel structure of the Jacques Cartier Bridge near Falardeau Street, which could have local impacts on Tuesday, April 3 from 7:00 p.m. to 3:00 a.m.

Since this work will have a local impact, JCCBI has set requirements to minimize noise:

- + Use of a boom lift with a white-noise alarm.
- + Installation of a screen around the boom lift.
- + Containment of noisy equipment in a closed trailer.
- + Use of plastic soft-face hammers.

Note that this work could be postponed to a later date because of unsuitable weather conditions. Get regular updates about the work by signing up for our “Jacques-Cartier” e-mail or text alerts via our website at www.JacquesCartierChamplain.ca or follow us on Twitter @pontJCBridge. If you have questions or comments, please contact us at communications@pjcci.ca or 450-651-8771.

Thank you for your patience and understanding.
