Champlain Bridge Deconstruction Have your say during our Information Days

Longueuil, May 7, 2019 – The Jacques Cartier and Champlain Bridges Incorporated (JCCBI) is preparing to deconstruct the Champlain Bridge and invites the public to discover the project, consult its experts, and give suggestions during four information days that will be held starting May 8. JCCBI experts will attend these events to talk to the public about the different components of the Champlain Bridge deconstruction project. An online consultation will run from May 8 to June 30 inclusively at champlaindeconstruction.ca.

Below is the detailed schedule of the four information days, which are free and do not require registrations.

Wednesday, May 8 and **Thursday, May 9**, 12:00 p.m. to 7:00 p.m., at the Centre for Sustainable Development, 50 Sainte-Catherine Street West, Montreal

Three discussion workshops with our experts will be held May 8 and May 9 on the following topics:

- Material reuse (1:00 p.m.)
- Compensation project (2:30 p.m.)
- Research and development (4:00 p.m.)

Saturday, May 11, 10:00 a.m. to 2:00 p.m., at the Centre communautaire Elgar, 260 Elgar Street, Verdun

Monday, May 13, 4:00 p.m. to 8:00 p.m., at the Centre culturel Alphonse-Lepage, 7905 San Francisco Avenue, Brossard

Note that the Champlain Bridge has reached the end of its service life and will be deconstructed starting in 2020 according to a sustainable development approach. This major project will last approximately three years and includes different components that you can learn about in our technical data sheets on [sustainable development](#), [environmental measures](#), [material reuse](#), [research and development](#) and [Héritage Champlain](#), which is a project to redevelop the shoreline and Champlain Bridge Estacade for recreational and commemorative purposes.

The public is invited to meet JCCBI experts at these four information days and to share their comments and ideas on its online platform about the redevelopment of available land, the reuse of materials, the research and development program, as well as the targeted environmental analysis, which includes measures to minimize impacts on the community.

For real-time information about JCCBI's work, follow the Twitter accounts for each of our structures: [@pontChampBridge](#), [@pontJCBridge](#) and [@pontHMBridge](#). To plan their travel, users can consult the [live traffic](#) page of our website, which includes a dashboard with traffic cameras, in-progress road closures or obstructions, and the seven-day work schedule. Users can also get [text or email alerts](#) about major closures or emergency work.

About JCCBI

As a manager of important infrastructure, The Jacques Cartier and Champlain Bridges Incorporated is a Crown corporation established in 1978 that is responsible for the Jacques Cartier Bridge, the Champlain Bridge, the Champlain Bridge Ice Control Structure, the Île des Sœurs Bypass Bridge, the federal sections of Bonaventure Expressway and the Honoré Mercier Bridge, as well as the Melocheville Tunnel. The Corporation manages, maintains, and repairs these important Greater Montreal structures to ensure the safe

passage of thousands of users every day. It also ensures that these critical structures remain safe, fully functional and aesthetically pleasing both today and in the future. www.JacquesCartierChamplain.ca
