Melocheville Tunnel: Alternating complete South and North tubes closures on November 27 and 28

Longueuil, November 26, 2019 – The Jacques Cartier and Champlain Bridges Incorporated (JCCBI) would like to notify users that a complete closure of the South tube, toward Beauharnois, is planned at the Melocheville tunnel, on Wednesday, November 27, from 7:00 a.m. to 4:00 p.m. for electrical work on heating cables. A complete closure of the North tube, toward Melocheville, is also planned on Thursday, November 28, from 7:00 a.m. to 4:00 p.m. During the work, traffic will alternate in direction in the tube with no hindrances and signaleurs will be on site to ensure user safety.

Closure details

- + **Complete closure of the South tube, toward Beauharnois**, on Wednesday, November 27, from 7:00 a.m. to 4:00 p.m. Traffic will alternate in direction in the North tube toward Melocheville.
- + **Complete closure of the North tube, toward Melocheville**, on Thursday, November 28, from 7:00 a.m. to 4:00 p.m. Traffic will alternate in direction in the South tube toward Beauharnois.

For real-time information about work performed by JCCBI, follow the Twitter accounts for each of our structures: [@pontChampBridge](#), [@pontJCBridge](#) and [@pontHMBridge](#). To help the public plan their travel, users can take a look at [Live Traffic](#) on our website which includes in-progress road closures or obstructions, cameras, and the seven-day work schedule. Users can also get [email alerts](#) about major closures or emergency work.

About JCCBI

As a manager of important infrastructure, The Jacques Cartier and Champlain Bridges Incorporated is a Crown corporation established in 1978 that is responsible for the Jacques Cartier Bridge, the Champlain Bridge, the Champlain Bridge Ice Control Structure, the Île des Soeurs Bypass Bridge, the federal sections of Bonaventure Expressway and the Honoré Mercier Bridge, as well as the Melocheville Tunnel. The Corporation manages, maintains, and repairs these important Greater Montreal structures to ensure the safe passage of thousands of users every day. It also ensures that these critical structures remain safe, fully functional and aesthetically pleasing both today and in the future. www.jacquescartierchamplain.ca
